Now you can escape the heat in your own back yard. From the soothing summer comfort of a refreshing dip to the acrobatic aquatic adventures of your playful kids, there's a lot of family fun built into every CORNELIUS pool.

A SUPERIOR POOL WITH GREAT FEATURES

When we designed the new 52 and 54 inches MONTERREY above ground pool, we included a lot of features to ensure years of carefree operation and enjoyment. Beginning with the base structure of wall, frame and sub-frame, we've integrated a number of special upgrades to make this pool a great addition to any family home.

We start with a heavy gauge steel wall and hot-dip galvanize it. For added protection from the elements, the wall is covered with our special "Weatherizer" paint process. A decorative wall patterning is then applied over this surface and sealed by a layer of our tough "Krystal Kote®" protective coating.

The rugged MONTERREY mist colored pool frame is made of 100% resin components, including an extra-wide 10-inch extruded resin ledge, connected to hefty 8-inch extruded resin posts and two-piece injection molded resin caps and post collars.

The sturdy sub-frame features an extruded resin top and bottom track, injection molded resin top and bottom connectors and lower post collars as well as resin oval side posts. Just add one of our colorful liners and you and your family will have a superior pool to enjoy for many years of easy fun.

INSTALLATION — THE SINGLE SCREW SOLUTION

To make installation as easy as possible, we've simplified the process. All you need is a screwdriver. No multi-sized washers or nuts are used. One screw for all round pools. And to help you even further, we include easy-to-follow, step-by-step instructions plus a video. Once you're done, add water and jump in! You can pick the perfect size and shape

Whether you prefer a Round or NBS or NBS EXP Oval pool, there's a MONTERREY above ground pool perfect for your yard. Whatever size or shape

Round Monterrey - Sosua wall offered in 52 and 54".

NBS oval Monterrey - Sosua wall offered in 52 and 54".
